ACL SUPPORTED LEARNING

Social Distancing

I need to keep my distance from other people

	Coronavirus is a virus that can make people unwell. It is also called “COVID-19”
	We can help stop the germs from spreading and making us feel unwell by Not touching other people and keeping 2 metres apart
	Some places like my College may have been shut for a while, so I couldn’t go.

ACL SUPPORTED LEARNING

	When I am able to go back, I will have to do certain things differently to help keep everyone safe from catching germs, I won't be able to sit too close to my friends
	When I am walking about, I will need to keep a distance between me and other people, there may be markers on the floor to help me to do this.
	Everyone will be happy if I do these things and I will be helping to keep everyone safe.
