## Personal Budget.

How much money do you currently have left over each month that you could use towards your business?

Fill in this personal monthly budget template to see the amount of money you currently have left over each month.

| Income | Monthly Amount |
|--------|----------------|
| Wages  |                |
|        |                |
|        |                |
|        |                |
|        |                |

## **Total Income:**

**Electric Bill** 

| Expenses                             | Monthly Amount |
|--------------------------------------|----------------|
| Rent or Mortgage                     |                |
| Vehicle (including fuel & insurance) |                |
| Phone Bills                          |                |
| Internet Bill                        |                |
| Gas Bill                             |                |
|                                      |                |

| Expenses       | Monthly Amount |
|----------------|----------------|
| Water Bill     |                |
| Food Shopping  |                |
| Other Shopping |                |
| TV Licence     |                |
| Insurance      |                |
| Subscriptions  |                |
|                |                |
|                |                |
|                |                |
|                |                |
|                |                |
|                |                |
|                |                |

## **Total Expenses:**

Total Income - Total Expenses =
