Delivery

Our blended approach means that our programmes are flexible and enable apprentices to experience a range of learning and support opportunities in a variety of formats such as online or at a local ACL centre.

The apprentice will have a dedicated tutor who they will meet (online or face to face) once a month who will guide them through their apprenticeship and prepare them for their End Point Assessment. Reviews of progress are carried out every 12 weeks with the learner, their line manager and the tutor. Additional workshops and seminars will be available to all learners to support additional learning and the off job learning requirement.

End Point Assessment (EPA)

EPA will typically take 5 months and assessments can be taken in any order:
