

Level 4 Lead Practitioner in Adult Care

Develop theoretical knowledge and advanced practice in quality assurance, mentoring and service improvement. This will enable you to connect real-world care experiences with informed decision-making. This programme prepares you to lead specialist teams and supporting management roles in adult care settings.

Why Choose ACL?

If you're passionate about helping others, ACL's Health and Social Care apprenticeships give you the knowledge and experience to build a rewarding career. From care assistant to registered manager, we'll support you every step of the way.

- Learn while making a difference in people's lives
- Get practical training from experienced tutors

- Progress into leadership roles in social care
- Fit your learning around your work
- Train with Essex's largest adult learning provider

Training Method

This programme is delivered through blended learning which combines online live sessions with classroom based learning, research projects and face to face direct observations.

Progression Opportunities

After completing this programme, you could advance to our Level 5 Leader in Adult Care programme or specialise in quality assurance or training

Apprenticeship Assessment (AA) Organisation

NCFE

Costs & Funding

This programme has no cost to the apprentice. Employer costs are as follows:

Total non-funded cost: £7000

- **Apprenticeship Levy**

For Employers with Payroll Over £3m: 0.5% of payroll allocated into an apprenticeship account. 100% funding available for eligible apprenticeship training.

- **Non-Levy Paying Employers**

For Employers with Payroll Under £3m: 95% government-funded apprenticeship training. Only a 5% employer contribution required.

- **Levy Transfer Service**

ACL Essex can connect non-levy paying employers with levy-paying businesses willing to transfer unused funds, covering 100% of training costs.
